# PROGRAM

(July 15 - August 9, 2019)

*BAKS+ Camp*

*Den ganzen Sommer lang...*

Summer break, summer fun - our favorite time of the year! We will help your child speak German all summer long.
Each age group is led by a native German teacher with experience instructing various levels in an immersion classroom. The teachers will be supported by our great assistants, many of whom are former campers!
***Our camp works best for students with basic understanding skills to native speakers in German.***

Our program is very hands-on:

- our famous projects and crafts
- immersion in German culture
- field trips to support the curriculum
- weekly music classes
- singing, playing, acting, pretending, discussing, cooking, stories, games, outdoor fun–and all in GERMAN!

We group the children by age–not by language levels. And we know how to engage any age group in having lots of fun–because we want your children to use and improve their German language!
